Developer Tools And Version Control: VS Code, GitHub.

Soft Skills: Ability to learn, adapt, and contribute to designing and developing solutions. Strong foundational understanding of core concepts with a proactive approach to learning and collaboration.

EXPERIENCE

Technians Softech Pvt Ltd.

FrontEnd Developer(Trainee)

Aug 2024 - April 2025

Gurugram, India

- Developed user-friendly web interfaces enhancing user satisfaction and worked together with the frontend team to create and develop user-friendly web interfaces, guaranteeing a seamless user experience.
- Employed HTML, Bootstrap, and JavaScript to create flexible designs that adjust smoothly on various devices, improving accessibility for all users.
- Worked collaboratively with the frontend team to design and implement an intuitive interface, enhancing the user experience and streamlining access to services, solutions, and expertise.
- Contributed to improving the overall user experience through interactive elements, clear navigation, and responsive design.
- Enforced responsive design principles to guarantee a smooth user experience on different devices, increasing interaction with mobile users.

PROJECTS

Nirvana | React, Tailwind, IDE - VS Code

March 2024

- Developed a real estate app using React.js and Tailwind.
- Leveraging Tailwind, Nirvana incorporates subtle animations and transitions that enhance the overall visual appeal without compromising on speed.
- Nirvana features account login and a working contact form with email functionality, demonstrating my ability to deliver impactful and effective web solutions.

SpiceRoute | React, IDE- VS Code

2023

- Developed a responsive food delivery app and implemented a user-friendly interface for a seamless food ordering experience.
- Implemented a secure and user-friendly sign-in/sign-up feature, enabling users to create accounts and access their order history.
- Enforced a cart, allowing users to view and manage their selected items before checkout.
